

Buildbase, Blackpool Road

Come meet Arada London!

Help shape the future of your neighbourhood

As you may be aware, Arada London have recently acquired the Buildbase Peckham site on Blackpool Road, SE15 3SU.

Arada London takes a long-term, partnership-led approach to all our projects, committing to the full lifecycle of a development – from land acquisition through construction and delivery to in-house management post-completion.

We are committed to creating sustainable places that respond to local needs.

What's proposed?

Our vision for the site is to help address pressing housing needs by delivering a high-quality, residential-led scheme, in a well-connected location, that would provide much-needed affordable homes alongside purpose-built student accommodation to support London's growing student population.

This mixed-use approach reflects Arada's London's focus on high-quality design, social impact, and long-term community benefit.

Meet & Greet Event

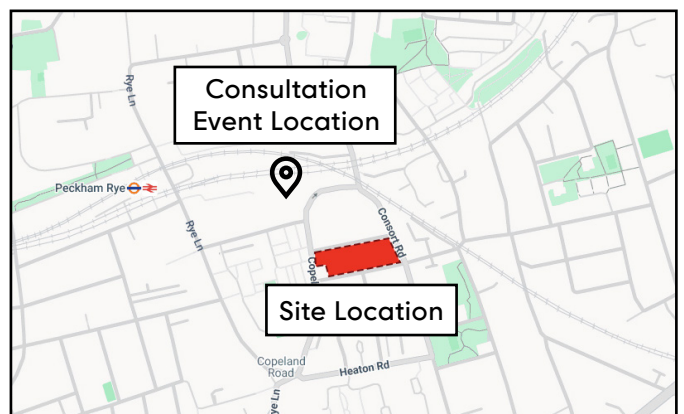

In-Person at:

Copeland Gallery,
Unit 9, Copeland Park,
133 Copeland Rd,
London SE15 3SN
